Dear Fraternal colleagues !

I have just launched a brand new online course on LEARNING CLINICAL PHOTOGRAPHY IN DENTISTRY. And to celebrate its launch, the course is offered at a massive discount of 73%; which means you will pay only Rs.360 (or approximately US$10 outside India) if you enrol before 6th February 2021.

In this course you will learn:

- how to take scientifically correct clinical photographs in day-to-day practice.
- which photography equipments are necessary to shoot perfect clinical photographs and how to use these equipments correctly.
- what are the different camera settings and the best one for taking intraoral, tabletop, and facial photographs.
- how to post process and prepare images for publication and scientific presentation.
- how to prepare posters and Flyers for your clinic or hospital; or for the conference presentation.

HOW TO ENROL:

Step 1: Follow this special offer launch link: https://www.udemy.com/course/learn-clinical-photography-in-dentistry/?couponCode=LAUNCHOFFER

Step 2: Press "Buy now" and then 1) log in if you already have an account or 2) sign up if you are new to Udemy;
